ABOUT US

Angelo, Francesco, Nicola, and, of course, Francesca Russo.

FARMINA IS A NUTRITIONAL LIFESTYLE MADE IN ITALY.

"Everything we do is done with the same care and love we have for our own family. In our family, food is crucial because it not only brings us together but keeps us happy and healthy.

Like many families throughout the world, our pets are at the heart of our family, so it's just as important to us that they live a happy and healthy life.

Our goal is to use our passion and love for pets and food to improve the life of all pets and their families so they too can live a happier and healthier life. "

- Angelo Russo

Happy Pet. Happy You.

DOG FOOD

CAT FOOD
